💼 Employment History

Carpentry Supervisor at SC4 Carpentry LTD, Portsmouth

July 2019 — April 2020

Building high quality timber frame products which included timber frame packages, hand cut and trussed roofs, first fixing (all in accordance with HSE guidelines) on building sites in Southampton/Eastleigh. Read technical drawings and offered revisions. Excellent health and safety knowledge and repeated practice. Attention to detail was essential.

Carpentry Supervisor at AGB Carpentry LTD, Portsmouth

September 2014 — July 2019

Acted as first point of contact with site managers whilst also delivering high quality timber frame packages, hand cut and trussed roofs. Responsibilities included supplying fixings, giving toolbox talks/training, setting up cranes and liaising with site team while also ensuring targets were met. I trained new apprentices. Emailed status and completion forms for managers as well as writing risk assessment and method statements.
